1 Natadera Temple

With a history of over 1300 years, it is said that this temple was established in the year 717 by Taicho, a monk who played an integral role in opening up Mt. Hakusan as a major religious center. Hence, Natadera Temple has been known as a place of worship for the revered mountain since ancient times. Unique sights include rock formations reminiscent of landscape paintings, and a rock cave that symbolizes a mother's womb (walking through takes one through a cycle of rebirth and purification). An ideal place for refreshing your soul amidst the grandeur of nature.
